REEL LIFE

From the Freshmen, who worry about high school, to the Seniors, who anticipate college, everyone can always learn something new. Preparing for a geometry test, playing volleyball, and cheering at the Homecoming game are all essential parts of learning. Each aspect is just one part of the main purpose of high school---to prepare you for REEL LIFE.

FUN IN THE SUN

After an eternity of snow, tests, homework, practices, early mornings and long pants, summer finally arrived. Students packed the three short months with all sorts of memorable activities. Whether they participated in a parade, went to the beach, took a trip, or just relaxed, Lisle students found a way to have fun.

THEY'RE BAACK!

The summer is over, no more sunny days and sleeping in late. It's time to get back in the swing of things. School has begun. The first day of school is seen differently by different people.

The first day of school is the first day of high school for Freshmen. It's a week of getting lost, dealing with stuck lockers, and tripping on the stairs. They have their first "Meet the Lions," football game, Homecoming week, basketball game, and much more.

The Sophomores are just delighted not to be freshmen anymore, not to be the youngest in the school.

For Juniors, it is the start of a year being upperclassmen. It's also the start of upperclassmen privileges, playing varsity, and raising money for the prom.

The Seniors are coming back as the top of the school. It's the start of a year in which every event is the last event of their high school life!

"FAN" TASIA

Fan support filled the stands for the Homecoming game against Minooka. The sophomore team remained undefeated with a score of 20-0, while Varsity lost 19-12.

On the sunny first Saturday of October, many people came to support the Lions including Junior Varsity and Varsity cheerleaders, and Lisle High's marching band. The Flag Corps appeared in their new uniforms only for the second time. The Lions strode out on the field and fought with all the blocking power they had.

"This has been a year of transition, but we hope to still maintain a high degree of competition," said Varsity coach Mr. Gollan.

PEPPING IT UP

The Homecoming Pep Rally is one of those times in the year where one can forget about schoolwork and have fun. This is in preparation for the annual Homecoming game. Such events as the tug-o-war, the obstacle course, the pie-eating contest, and arm-wrestling help us to vicariously take out our ager-sions. Both male and female powderpuff drill teams performed, although I must say the men outshined their competition. Additionally, the Homecoming king and queen were crowned.

LISLE'S ALIVE WITH SPIRIT

Homecoming Spirit Week creates a feeling of unity between both faculty and students, as we all work together to prepare for Homecoming Day. In order to unite everyone, activities were planned each day. Those special days consisted of Disney Day, Class Color Day, Wild Hair Day, Hippy Day, and Blue and White Day. Many students and faculty members participated in these fun days to make Spirit Week a great success.

It was a night of celebration to end a week's worth of activities. Dressed to impress, with "Disney" as a theme, Lisle Senior High students brilliantly displayed their school spirit as they made this dance an evening to remember.

THE GIRLS TAKE THE FIELD

One of Lisle's first Homecoming events is the Powder Puff game, played on Sunday afternoon. The first classes to play are the Juniors versus the Freshmen, and this year the Juniors won. In the next game the Seniors beat the Sophomores, and went on to defeat the Junior class in the championship game.

These games bring the classes together, raise a lot of school spirit, and inspire fierce competition. Everyone participates whether it be in the game, stands or the famous "Senior Guys Drill Team."

CAREERS FOR LIFE

Davea is a supplementary school program through which students can prepare for careers after high school. They get hands-on experience using high-tech equipment and working in realistic situations, in some cases with real customers at Davea Center in their student operated restaurant, beauty salon, or retail store. Davea students set their own goals, tailoring their learning plan to achieve the career objectives they set.

MAKING HISTORY TODAY

Not many students know exactly what happened 20 years ago, much less 200 or 2,000. That's why schools, including Lisle, require history courses to graduate. Students can learn what happened on their birthday or even their parents' birthdays. Someday, when the great grand-children of Lisle graduates are in school, will anyone from 1991 be studied?

FROGS AND STARS

This was probably one of Albert Einstein's favorite phrases: Frogs for biology and physiology, and stars for things such as Physical Science, Chemistry, and Physics. Although Lisle High is rather small, the school seems to have all the classes required for a complete high school education, including a variety of sciences. Sharing the experience with the students in 1991 are Dr. Mulcare, who teaches moles and the fact of OLE in Chemistry, Mr. Bates, who teaches frogs in Biology, and Mr. Crouch, along with Coppernicus and Galileo, who teaches Physical Science, Applied Science, and Physics. PARLEZ-VOUS ESPANOL?

As it is, some people have a hard enough time mastering the English language, but every student at LHS has the opportunity to become unbelievably fluent in Spanish or French. They also gain the ability to astonish friends, family, and neighbors with their amazing knowledge of exotic phrases. QUIRKY "QWERTY"

Typing, though tedious to learn, makes those college term papers a whole lot easier. Most sophomores take a typing class for one semester with Mrs. Swanson, and can really become experts with all the practice and drills they do. Most experienced typists will tell you that once you learn the basics of keyboarding you can't really forget how unless you don't practice. A NEW BEGINNING

A fresh, new look is what the 1990-91 Flag Corps was aiming for this year. The ten person corps, the largest number of people on the corps ever, attended flag camp over the summer, where they won a third place trophy. Clad in flashy new uniforms, the corps performed at all the home football game half-times with the band, and two basketball games. The two first-year captains, Kristin Ligeski and Eileen Walsh, led the corps through a tough season of practices, performances, and competition.

Eileen Walsh, co-captain, feels that the corps had its share of tense moments and problems, but that it turned out to be one of the closest-knit corps, and one of the most fun seasons ever.

As any team will tell you, it's never easy when over half of your team consists of new members. When the Lionettes went to camp in July, they began to realize the amount of dedication it would take for them to make the year a success. Fortunately, their hard work paid off, under the guidance of co-captains Kristi Bennish and Gina Ruta. Not only did they appear at their regular football and basketball games, but in January they also had the honor of performing at the halftime of a Bears' game. Though it was extremely cold, they claim they would do it again in a minute. That's the kind of spirit that helped the Lisle Lionettes improve and grow together throughout the season, creating memories to last a lifetime.

CHEERLEADERS

Cheerleaders have always been overlooked as athletes, but it takes year-round dedication with tryouts in early April to competition ending during spring break. Cheerleaders are in charge of selling pep bus tickets, performing at pep rallies, and promoting school spirit. During the summer they go to camp and march in the Fourth of July parade. During the school year they have practice at 7:00 A.M. and cheer at wrestling meets, football games, and basketball games. Competition squad starts in November with practice at 6:15 A.M.! They compete at Palatine and Stevenson. Being a cheerleader takes a lot of determination, hard work, and commitment!

ENDANGERED EAGLES

Lisle's golf team finished fourth in the conference this year, carrying a record of 5 wins and 10 losses. This could partially be explained by the unusually young team. Regardless, Mike Ruscitti qualified for sectionals after placing second in regionals. This valiant accomplishment placed Mike as only the fifth person in the history of Lisle golf to get to sectionals. Tom McCartan was chosen as the most valuable player and Shawn Mason was the most improved throughout the year. With a little determination and practice, Mr. Jones believes, this team will be a growing force to be reckoned with next year.

RUNNING SCARED

Although only a single A school, Lisle has made its cross country team into a definite power which someday may rival Downers Grove South and North. Coach Jakalski starts training his team weeks before school begins and when it does, they train before and after school. Team members such as Alex Ramirez, Peter McAllister, Matt Malich, Kevin Treanor, and Ken Gurney stood out in the ranks of the Cross Country team. Justin Weiss, an outstanding runner and team leader, ran his way into an All American standing.

THE UNSTOPPABLES

The J.V. football team had an excellent season this year with a record of 8-1, losing only to Lemont. They placed second in the Northeast Conference. With the record this year Lisle seems to show up as a highly competitive team for the years to come and especially next year when Lisle moves to the Interstate-8.

LET'S HUSTLE

Despite Varsity's 1-4 conference and 2-7 overall records, the young squad succeeded in gaining experience. High spirited, the team's junior leaders were fullback Rich Mackins and quarterback Chris Dockery. All-area seniors Tim Fairbanks and Sean Martin added to the Lion's 90-91 reputation. In summing up the season, Coach Gollan said that a few mistakes cost the team, but great achievements were made by the seniors and the experience gained will benefit Lisle in next year's new conference.

GIRLS GET THE FOREHAND ON TENNIS

It was an interesting year for the girls' tennis team. Junior Varsity seemed to be winning as many matches as Varsity was losing. The hard work and effort put in by these girls did not go to waste. The team is looking forward to a better season next year for all.

CAN YOU DIG THIS?

From the first game on the day of the tornado in October to the Regional title in Plano, the Lady Lions Volleyball team surprised not a few people with the extent of their success. The roller coaster season came to a end with a valiant try at the Lemont Sectionals.

Sharon Krumpolz, co-captain with Erin Dickey, received the Sun Player of the Year award. Dena Klein and Dawn Szachnitowski received Sun Second team honors. These three also received all-conference honors.

Though many goals were attained, Mrs. Sanko and the team are looking forward to next year's challenge.

SIMPLY THE BEST

Determination keyed the historic girls' basketball season at Lisle this year. For the first time in history behind only two returning starters, the girls' team produced a winning season with a record of 15-11. Leading the way, All-conference first team members Shani Bauldrick and Blythe Nance assumed the roles of co-captains. The Lady Lions took second place at the Lisle Christmas Tournament and Consolation Champs at the Geneva Thanksgiving Tournament. With a young group consisting of two freshmen, six juniors, and two seniors, Mrs. Kane coached the team to a third place finish in the Northeast Conference. The Frosh-Soph team under Mr. Coit this year plans to be on fire next season after their learning season this year.

Yet another season of basketball has passed for Lisle, and without much disappointment. With many close-scored games, anticipation was felt by all. Together, the Freshman, Sophomore, and Varsity teams made equal efforts to make this season exciting and successful. With the constant pushing and help of coaches Mr. Marx, Mr. Clark, and Mr. D'Amico, the teams are able to excel, with hopes of a better 91-92 season.

UP OUR ALLEY

The Lisle Bowling team, coached this year by Mr. Beato, is knocking those pins down. Practicing after school and then traveling to opposing bowling alleys, Lisle tries to put many strikes on their scoreboard.

For Coach Beato, a first year bowling coach who also coaches softball, strike may be a little confusing. Strike one, Strike two, Strike three, and you're out? No way! This season he is ASKING for those strikes!

Behind the Scenes

"This year's fall play is shaping up to be a real hit. We have a cool script and good actors."

In the Spotlight

"The restaurant won't mind if we change the reservation again, will they?"

All the World's a Stage

"I couldn't sell another box of fruit if my life depended on it — I hope the band trip's worth it!"

What Stole the Show

"The Wayne's World skit was pretty boring...NOT! How did they know Garth was my favorite? Look out Saturday Night Live!"

HEIGH-HO, HEIGH-HO,

"The Lisle Senior High School Marching Band. Under the direction of Steven Green. Please give them a warm welcome!" This phrase is probably familiar to many of the older band members that travelled to California to perform at Disneyland two years ago. And this year, the 1990-91 band members were able to experience almost the same. Over spring break, the band and flag corps travelled to Florida to perform at the infamous Disney World in Orlando. In between half-time shows, concert band performances, jazz band performances, competitions, and the grueling before and during school practices, these dedicated teens sold hundreds of boxes of fruit, magazine subscriptions, raffle tickets, helped with a road rally, sold candy, and worked at Cabaret Night to help raise enough money for the 52 members to go on the trip and still have enough money left over for scholarships.

STAR SEARCH '90

Music and laughter filled the air at the 1990 Variety Show. Talent found its way into the show whether it was dancing, singing, acting or playing a musical instrument. One of the unique acts performed was Chip Rumshas' and Paul Werner's version of "Wayne's World" from Saturday Night Live. The Lisle Jazz Band supplied part of the music for the evening. The Drill Team and cheerleaders performed a dance to add to the entertainment. All the acts added up to an entertaining evening for both performer and spectator.

ELDERBERRY WINE

The house lights dim, a hush falls over the crowd, the curtains are whisked to the sides of the stage, and all of a sudden the George Rapp Theatre is transformed into the living room of the Brewster sisters. The 1990 Fall Dinner Theatre Production, *Arsenic and Old Lace*, is a comedy about Abby and Martha Brewster, two elderly women whose past-time is to poison lonely old men with their home-made elderberry wine, while their nephew, Mortimer, is in the midst of courting the pastor's daughter and having a nervous breakdown trying to keep his aunts out of jail. And in the middle of all this is Teddy, Abby and Martha's insane nephew, who thinks he is Theodore Roosevelt, and Jonathan, the psychopathic third nephew and his drunk sidekick, Dr. Einstein. The play provided an evening of dinner, comedy, and mystery. And the cast will probably never forget such things as "Macaroni", "pot roast", and the infamous elderberry wine song.

AROUND THE WORLD

Lisle A.F.S, sponsored by Ms. Schneidereit and Mrs. Romano, helps students be more involved with other places, such as England and as close as Downers Grove.

A.F.S. takes students to places they have never been, such as bringing foreign exchange student Abut Ozsezikli from Turkey to the United states, and letting slected students travel to New Jersey for the 1991 short term exchange.

MASTER PLANNERS

Student Congress, the planning club for dances, fun days, and other projects, continually sponsors Homecoming with great success. From powder puff to the bonfire, Student Congress always has things under control. Along with sponsor Mrs. Stamper, members meet once a month during the school day. From January on, the club planned to introduce a dance each month. New events this year included sponsoring: a male beauty contest, a new hallway mural, and Morp, a casual dance for freshmen and sophomores. Ann Wilson, president of Student Congress, explained the main emphasis of her job as "working with and serving others."

CAMERA KARMA

Photography club, headed by Mr. King, offers students an opportunity to discover the world of still pictures. His students learn how to reach inner peace through the divine art of picture taking. Other of Mr. King's teachings include developing pictures, enlarging prints, and selecting the aperture for different situations. So, if you feel that your spiritual karma is troubling you, maybe you should give photography a try.

STRAIGHT TALK

With the drug war at its peak, students today are faced with many tough decisions. Michelle Holland, Tasc II President, does her best to lead students in the right direction, along with her fellow classmates. With various messages posted around the school, students are always reminded to stay "Drug Free." With the help of Red Ribbon Week members let students know that they are making a difference.

OUR PRIDE IS STRONG

The Lisle Pride staff has grown somewhat larger since last year, increasing from three to ten. Mr. Jakalski helps these students to organize, layout, and print the news at Lisle High.

The staff of '90-'91 hopes to shoot for at least a monthly paper, maybe sometime in the future achieving a weekly Pride.

FROM A DIFFERENT ANGLE

"Quick- give me a caption for this picture!" "I need pictures!" "Where did my Quad Pak go?" "Wait a minute- the deadline was today?" If you've ever passed the yearbook room during seventh hour, you may have heard a few of these phrases along with intense bursts of laughter and constant hushings from Mrs. Weis. Our new editors, Kristen and Jessica, led the staff to complete yet another wonderful yearbook. Although everyone gets deadline stress and mental blocks, the staff works hard to meet the ever-important deadlines, and to insure one of our infamous deadline parties.

COMMITMENT

Having 82 of the 150,000 members of the Key Club here at Lisle, is a very outstanding achievement. Key Club is dedicated to service and sponsored by the Lisle Kiwanis Club. Key Clubbers not only contribute to the development of their communities, make lasting friendships, and learn about themselves, but more importantly they realize what can be done when people work together. Examples of projects begin in the summer with helping Kiwanis with the 4th of July parade, Peanut Day, helping at the Haunted House, collecting canned goods for FISH, trick-or-treating for UNICEF, the Kiwanis Christmas Party, the Rock-a-Thon for Spastic Paralysis, and the District Convention in April along with numerous other events. Mr. Pippenis the always giving sponsor.

LAURA HOOFNAGLE
Dear Laura,

When we picked out this picture for the yearbook, we were reminded of all the things you used to do that foreshadowed what you have become today. Always generous, you shared your dollar bill with Grandma by ripping it in half. Remember singing "One, two, three, four, five, six, seven," to the tune of "Hark, the Herald Angels Sing"? You were a mathematician at the age of two. Your creative side appeared early with the invention of catatodios, stuckacarries, cheesabreadl, and Adaladaloo. Acting, music, and poetry came together in the first grade talent show when you sang "Colored Bells," a song you wrote yourself. And we may never recover from your engineering attempts such as turning Grandma's radio into a car or taking the plumbing apart. Of course accomplishing all this meant living twenty-four hours a day. -Sleep is the one word that has never entered your extensive vocabulary.

We're proud of you, Britts Berry!

Our love always,
Mom and Dad

P.S. See, we didn't even mention the telephone.

SHARON KRUMPOLZ

Where are you going, my little one,
Where are you going, my baby, my
own,

Turn around and she's one
Turn around and she's grown.

Turn around, she's a big girl with
plans of her own.

We love you, Sharon
Mom, Dad, and Andy

AUTOGRAPHS

IT'S BEEN REAL

What do I think of when I think of yearbook '91? Copy wiped off a disk in an instant, deadlines, Mr. Howell's tie, deadlines, split sessions, giant anchovies, deadlines camping out in the hall, stack the mac, photographer's snafus and deadlines.

But most of all I see you working together, helping each other, pulling together, Freshman and Senior, Soph and Junior, to get the book done right, even it meant doing it over and over again.

You were always there, always willing, always creative. Special thanks to Jessica and Kristen for fresh ideas. Farewell to our seniors, Jodi and Sid. We wish them well. Don't forget us.

Kudos to you, kids! Thanks!

Mrs. Weis
